CAREER OBJECTIVE

Computer Science Engineering graduate (2026) with an 8.8 CGPA and a strong foundation in Core Java, SQL, Object-Oriented Programming (OOP), DBMS, and SDLC. Hands-on experience in Android, full-stack, and AI-based application development through academic projects. Seeking a Software Developer role to contribute to innovative software solutions while continuously learning and growing as a software engineer.

EDUCATION

Bachelor of Engineering – Computer Science and Engineering 2022-2026
Saveetha School Of Engineering – Chennai ***CGPA: 8.8***

Secondary Education – MPC 2020-2022
Sri Chaitanya Jr College – Rajahmundry ***Percentage: 82%***

TECHNICAL SKILLS

Programming Languages: Core Java
Database: SQL, MySQL
Automation & Integration: n8n workflow automation, Prompt Engineering, REST API Integration
Development Tools: Postman, Visual Studio Code, GitHub, Android Studio, Figma, PowerPoint
Areas of Interest: Object-Oriented Programming (OOP), DBMS
AI Tools: ChatGPT, Claude, Cursor, GitHub Copilot, Antigravity
Soft Skills: Communication, Problem Solving, Teamwork, Time Management, Leadership

PROJECTS

Smart Healthcare App: - Live on Google Play Store Oct 2025

- Developed and deployed an Android healthcare application connecting patients with hospitals, laboratories, and healthcare services.
- Implemented healthcare search, appointment booking, emergency alerts, real-time notifications, and Google Maps-based navigation.

Enhancing Patient Health Prediction using CNN-LSTM Architecture: Mar 2024

- Designed a hybrid CNN-LSTM model for time-series health forecasting, achieving higher accuracy than traditional LSTM and GRU models.
- Evaluated the CNN-LSTM model against traditional LSTM, GRU, and Transformer-based models, achieving approximately 15% higher prediction accuracy.

Online Job Application and Recruitment Management System: May 2024

- Developed a full-stack recruitment platform with Admin, Employer, and Job Seeker roles.
- Implemented role-based authentication, resume uploads, job postings, applications, and application tracking. Designed the recruitment workflow using PHP and MySQL.

CERTIFICATIONS

- Java (Basic) Certificate – HackerRank
- Gemini Certified Student (University) – Google for Education
- Code in Action – Anthropic
- Internet Of Things Elite Certificate – NPTEL
- Agentic AI – Digital Workforce Services Plc
